

LIST OF UGANDA FOREST DEPARTMENT TECHNICAL NOTES

NB1. These are all kept at SPGS office, where they can be read (or copied) but not removed from the premises.

NB2. Thanks to **Bob Plumptre** for the donation back to Uganda of these valuable reports.

No.	Title	Author
1/53	A note on the mechanical properties of <i>Chrysophyllum albidum</i> and <i>Albizia zygia</i> .	Tack, CH
2/53	Logging in Switzerland.	Tack, CH
3/53	A note on the Forests (pest control) Rules.	Tack, CH
4/53	Forest operations at Kakamega, Kenya.	Tack, CH
5/53	Plywood and veneer species.	Tack, CH
6/53	Electrified fencing.	Dale, IR (Osmaston, Trenaman & Leuchars)
1/54	Wood borers in buildings.	Tack, CH
2/54	Natural regeneration of <i>Eucalyptus saligna</i> and <i>robusta</i> .	Stuart-Smith, A
3/54	Productivity of Uganda high forest.	Dawkins, HC
4/54	High forest tree increment	Dawkins, HC
6/54	Notes on a visit to the Imatong Mountains	Leuchars, D; Swabey, C & Dawkins, HC
7/54	Death and coppicing of <i>Eucalyptus saligna</i> at Mbarara	Osmaston, HA
8/54	Extracts from "Records of Investigations"	Agricultural Dept. 1/4/50-31/3/52
9/54	Forest productivity in Uganda.	Swabey, C
10/54	Silviculture of Musizi.	Swabey, C.
11/54	Fence posts.	Dale, IR
12/54	Exotic bamboos	Dale, IR & Miller, RG
13/54	Bending timbers	Tack, CH
14/54	A Lens Key to Some Uganda timbers.	Trenaman, KW
15/54	Uses for sawdust and shavings	Tack, CH
1/55	Abstracts from colonial research.	Swabey, C
2/55	Extracts from South African Department of Forestry Report 1953	Dale, IR
3/55	Costs of arboricide.	Dawkins, HC
4/55	First arboricide trials in Karamoja	Dawkins, HC
5/55	Investigation into the growth of <i>Chlorophora excelsa</i> in plantations.	Swabey, C
6/55	Technical liaison in Uganda Forest Department	Swabey, C
8/55	Forestry notes on a trip from Uganda to the Cape.	Dale, IR
9/55	The moisture content of timber in buildings in Uganda.	Tack, CH
1/56	The relationship of solid to stack volume for <i>Eucalyptus saligna</i> fuel in Arua.	Osmaston, HA
2/56	Natural regeneration of <i>Eucalyptus saligna</i> .	Elliott, G
3/56	Use of arboricide in forest tree weeding.	Dawkins, HC
4/56	Preliminary graminicide tests at RP 5.	Dawkins HC
5/56	Arboricide concentration conclusion of RP 10 Mpanga.	Dawkins, HC
6/56	Phomopsis on <i>Cassia</i> , conclusion of plot.	Dawkins, HC
7/56	Interim results RP 11 Mpanga, spray application	Dawkins, HC

No.	Title	Author
8/56	Interim results RP 13 Mpanga, measurement accuracy.	Dawkins, HC
9/56	Interim results RP 16 Mpanga, felling damage.	Dawkins, HC
10/56	Interim results RP 32 Bunyoro, underplanting of partially felled forest with <i>Khaya</i> and <i>Chlorophora</i> .	Dawkins, HC
11/56	Direct sowing of <i>Maesopsis</i> (as nurse for <i>Chlorophora</i>).	Dawkins, HC
12/56	Underplanting <i>Khaya grandifoliola</i> in Budongo.	Dawkins, HC
13/56	Underplanting of <i>Entandrophragma utile</i> (RP 36 conclusion of plot).	Dawkins, HC
14/56	<i>Brousonettia papyrifera</i> in felled forest.	Dawkins, HC
15/56	Small plant establishment of <i>Khaya</i> and <i>Chlorophora</i> in felled forest RPs 42 & 43 Bunyoro.	Dawkins, HC
17/56	Crown classification of natural forest trees	Dawkins, HC
18/56	<i>Chlorophora</i> plantation in grassland and elephant.	Dawkins, HC
19/56	Root trenching of <i>Khaya</i> underplanted in forest RP 47 Bunyoro	Dawkins, HC
21/56	Some recent American work on arboricides.	Dawkins, HC
23/56	Pre-germination of teak.	Osmaston, HA & Dawkins, HC
1/57	Plotting maps from aerial photographs.	Cahusac, AB
3/57	Soil description and sampling (revised).	Osmaston, HA
4/57	Seed trials of <i>Maesopsis</i> ; interim report RP 303 Entebbe.	Leuchars, D
5/57	Abstracts from colonial records.	Leuchars, D
6/57	Eradication of <i>Eucalyptus</i> coppice and lantana.	Leuchars, D
7/57	An improved cutter blade for the Hayter.	Bacon, D
8/57	Changes in nomenclature of certain exotics.	Leuchars, D
1/58	Regeneration of <i>Khaya grandifoliola</i> .	Osmaston, HA
2/58	Uganda hardwoods suitable for flooring.	Tack, CH
3/58	Terminology for tropical African vegetation.	Dawkins, HC
4/58	<i>Eucalyptus saligna</i> crop data from Kampala plantations, RP 107 & 108, conclusions.	Leuchars, D
5/58	Arboricide research in Karamoja.	Dawkins, HC
6/58	Further measurements of felling damage in tropical forest.	Dawkins, HC
7/58	Sapwood thickness and volume of some indigenous trees.	Dawkins, HC
8/58	Seasonal effectiveness of arboricides.	Dawkins, HC
9/58	Kenya softwood plantations tour notes.	Leuchars, D
10/58	A tour of South African forests.	Osmaston, HA
72/59	General volume table for <i>Eucalyptus saligna</i> .	Dawkins, HC
73/59	Computation of survey traverses.	??
74/59	A silve for use in Uganda	Dawkins, HC
75/59	Forestry in Rwanda.	Logan, R
76/59	Control of <i>Ambrosia</i> beetles in logs.	Brown, KW
77/59	Information on the Mpanga Research Forest	Dawkins, HC
78/59	A nursery technique for dry areas.	Lang Brown, J & Leuchars, D
79/59	Eucalypts in Uganda	Leuchars, D
80/59	Further experience of electric fencing.	Dawkins, HC
81/59	Nursery gadgets.	Kingston, B & Leuchars, D
83/60	Eucalyptus taper and volume by diameter limits	Dawkins, HC
84/60	Weekly measurement of rainfall.	Dawkins, HC
85/60	A nursery sprinkler	Kingston, B

No.	Title	Author
86/60	Field characters of the Uganda Forest <i>Albizia</i> .	Dawkins, HC
87/60	Latin American Conifers in Uganda.	Leuchars, D
88/60	Volume table for <i>Eucalyptus saligna</i> poles.	Osmaston, HA
89/61	Silves and volume tables.	Osmaston, HA
90/61	<i>Maesopsis</i> plantations in Kakamega Forest Kenya.	Philip, MS
91/61	Tour notes – Latin America – Sept-Nov 1960	Leuchars, D
92/61	Tour notes – Florida and Louisiana – Nov 1960.	Leuchars, D
93/61	Notes on <i>Analeptes (=Diastocera) trifasciata</i> F. (Col. Lamidae) and <i>Kotochalia (=Acanthopsyche) junodi</i> Heyl (Lep. Psychidae) two possible pests and <i>Eucalyptus</i>	Brown, KW
94/61	Yields of <i>Arudinaria alpina</i> K. Schum.	Philip, MS
95/61	Report on the FAO Forestry Conference, Nigeria.	Butt, RA
96/61	Notes son tests of plywood preservatives	Brown, KW
97/61	A report on various phytotoxicity tests.	Brown, KW
98/61	An interim report on termite research.	Brown, KW
99/62	Notes on recent outbreaks of looper caterpillars (Lep. <i>Geometridae</i>) in coniferous plantations in Uganda.	Brown, KW
100/62	Interim report on RPs 61, 62 & 76 for BCFC.	Philip, MS
101/62	Report on visits to plantations in Eldoret Division, Kenya.	Stuart-Smith, AM
102/62	Interim report on RP 50, Budongo.	Philip, MS
103/62	A forestry history of Kigezi District 1900-1960/61	Tohill, AH
104/62	Regeneration counts and early tending in Kibale Forest	Philip, MS
105/62	RP 6 Budongo Forest	Philip, MS
106/62	Establishment of <i>Dendrocalamus strictus</i> .	Stuart-Smith, AM & Leuchars, D
107/62	Susceptibility of <i>Drypetes sp.</i> , <i>Diospyros abyssinica</i> and <i>Parinari excels</i> sub-sp. <i>Holstii</i> to Finopal.	Philip, MS
108/62	The effectiveness of different types and makes of paint when used on living trees.	Philip, MS
109/63	Volume table for <i>Eucalyptus saligna</i> poles	Finlayson, W
110/63	Tending of <i>Maesopsis eminii</i> in grasslands (RP 506)	Philip, MS
111/63	The policy for work subsequent to species trials in Uganda.	Philip, MS
112/63	Plantation sample plots.	Osmaston, HA
113/63	Provenance trials of <i>Cupressus lusitanica</i> (RP 396)	Philip, MS
114/63	Observations on crown-diameter, stocking, silviculture requirements and possible yield of <i>Maesopsis</i> .	Dawkins, HC
115/63	Interim Report – Afforestation trials on the alluvial sands bordering Lake Victoria.	Philip, MS
116/63	Recommendations for the preservative treatment of small round timbers by sap displacement and for fencing techniques	Plumptre, RA
117/64	Volume table for <i>Pinus patula</i> at Mafuga	Philip, MS
118/65	Some properties of Uganda grown <i>Eucalyptus saligna</i> .	Plumptre, RA
119/65	A rope ladder for high pruning.	Kingston, B.
123/66	Report on a study of recovery of sawn timber from trees in the 5ft girth class.	Kraggerud, A.
125/66	Hidden defects in living cypress.	Brown, KW
126/66	Mpanga river bridge.	Kingston, B
127/66	Report on technical forestry in Uganda.	Sim, D
128/66	Report on sub-professional forestry in Uganda	Sim, D
133/67	Report on species and provenance trials, Lendu softwood	Kriek, V

No.	Title	Author
	scheme.	
135/67	Report on species and provenance trials, in <i>Combretum</i> and mixed savanna.	Kriek, V
144/67	Report on species and provenance trials, in dry Acacia savanna in Karamoja, Acholi and Masaka districts.	Kriek, V
145/68	Report on species and provenance trials, in Acholi woodland.	Kriek, V
146/68	Report on species and provenance trials, in mixed woodland savanna on hills in Teso, Busoga and Mubende.	Kriek, V
149/68	Report on species and provenance trials, in <i>Chlorophora</i> and <i>Albizia</i> secondary forest sites.	Kriek, V
150/68	Report on species and provenance trials, in aquatic grassland bordering Lake Victoria.	Kriek, V
151/68	Report on species and provenance trials, in <i>Pennisetum</i> grassland in Toro and Bunyoro.	Kriek, V
152/68	Report on species and provenance trials, in <i>Celtis Holoptelea</i> forest in East Mengo and Busoga.	Kriek, V
153/68	Report on species and provenance trials, in mixed <i>Piptadeniastrum</i> , <i>Albizia</i> , <i>Celtis</i> forest.	Kriek, V
154/68	Report on species and provenance trials, in <i>Chlorophora</i> , <i>Pennisetum</i> grassland in West Mengo.	Kriek, V
155/68	Report on species and provenance trials, in <i>Hyparrhenia</i> grassland in Teso and Bugala Island.	Kriek, V
156/68	Flowering, fruiting and seeding habits of Uganda indigenous trees	Karani, PK
162/70	Report of Uganda fellows visit to charcoal industry in USA and Brazil.	Earl, DE & J Mabonga-Mwisaka
169/71	Tree volume tables for Bugoma forest.	Kingston, B
170/71	Tree volume tables for Kalinzu forest.	Kingston, B
175/71	Activity study of initial clearing at Katugo, East Mengo	??
178/71	Spot sowing of tree seed in forest nurseries.	Karani, PK & Ball, J
180/71	The use of cardboard boxes for the transportation of seedlings.	Kingston, B
182/71	Eucalyptus species for dry areas.	Karani, PK
195/72	Preliminary yield trials of <i>Cupressus lusitanica</i> grown in plantations in Uganda.	Kingston, B & Kaumi, SS
196/72	Site index rating for several coniferous species in plantations in Uganda.	Kingston, B
197/72	The Mark V portable steel kiln.	Mabonga-Mwisaka
201/74	Stacked volume and drying of <i>Eucalyptus</i> fuel in West Nile.	Whitley, DF
205/75	Montane forest clearing experiment, Mafuga RP 637.	Kaumi, SS
